As we enter another year of quality service to our membership and community, BNRF is well prepared to represent and enhance the nursing practice of our more than 3,000 members. Our Corporate Partners have played a key role in BNRF's stability, growth and development. Black Nurses Rock Foundation is a professional minority nursing organization that seeks to Inspire and Empower innovative nursing leaders. Our mission is to educate our most vulnerable communities on health issues that disproportionately affect them to foster positive health and lifestyle changes. We are a 501(c)(3) non-profit representing minority nurses in the USA, Caribbean, and Japan.

BNRF knows that the demand for quality cultural competent patient care will continue to grow in the future, especially as we adapt to the many changes within the healthcare industry. Nurses, more than any other healthcare provider, enhance the quality of care delivered to the patient.
